

**CALLBACK
HELL!**

CALLBACK HELL REFERS TO WHEN
CALLBACK FUNCTIONS WITH
ASYNCHRONOUS DATA PROCESSES
ARE NESTED WITHIN EACHOTHER.

TO HELP VISUALIZE THINK OF WHEN
LEONARDO DICAPRIO WAS IN
INCEPTION AND THERE WERE
MULTIPLE LAYERS OF DREAMS
RUNNING ASYNCHRONOUSLY

THE DREAM LEVEL
(FUNCTION BEING
PROCESSED) IS
MORE PRONE TO
ERRORS/MISTAKES

```
console.log("Pyramid of dooooooooooom! 🤪 😬");

step1(function (value1) {
  step2(function (value2) {
    step3(function (value3) {
      step4(function (value4) {
        step5(function (value5) {
          step6(function (value6) {
            step7(function (value7) {
              //Do something with value 4
              console.log(value7)
            });
          });
        });
      });
    });
  });
